Weirs Beach under construction this fall!

Beginning around September 19th, the City of Laconia will be undertaking a long overdue reconstruction project on Lakeside Avenue at the Weirs. With major upgrades to infrastructure (water, sewer & drainage) improvement to pedestrian safety and the burying of utilities (power, phone & cable). Additional features in this project will be new street lights, sidewalks and parking kiosks (to replace meters).

Needless to say this will be a temporary inconvenience for all businesses in the Weirs, but the end result will be a major improvement to all the visitors of the future. We do hope and trust you will understand as progress always takes a bit of sacrifice. Most of the project will take place in the fall of 2016 and most will be done by the spring of 2017. Completion of the project will be fall of 2017.

For more information on this \$2.7 million project, visit: www.cityoflaconia.org and search for Lakeside Avenue Reconstruction Project.
